## Synopsis

One choice can transform you - or it can destroy you. But every choice has consequences, and as unrest surges in the factions all around her, Tris Prior must continue trying to save those she loves - and herself - while grappling with haunting questions of grief and forgiveness, identity and loyalty, politics and love. Tris's initiation day should have been marked by celebration and victory with her chosen faction; instead, the day ended with unspeakable horrors. War now looms as conflict between the factions and their ideologies grows. And in times of war, sides must be chosen, secrets will emerge, and choices will become even more irrevocable - and even more powerful.

Transformed by her own decisions but also by haunting grief and guilt, radical new discoveries, and shifting relationships, Tris must fully embrace her Divergence, even if she does not know what she may lose by doing so. New York Times best-selling author Veronica Roth's much-anticipated second book of the dystopian Divergent series is another intoxicating thrill ride of a story, rich with hallmark twists, heartbreaks, romance, and powerful insights about human nature. Best Sellers Rank: #14 in Books > Teens > Literature & Fiction > Social & Family Issues > Values & Virtues #63 in Books > Teens > Romance > Fantasy #66 in Books > Teens > Science Fiction & Fantasy > Science Fiction > Dystopian

## Customer Reviews

First Impressions: I had been looking forward to reading Insurgent ever since I finished reading Divergent (for the millionth time) last year. One morning I woke up and before I even had my morning coffee, I heard a nice thud outside of my front door. I kind of feel like there should have been fireworks and confetti when I opened up the package and laid my hands on my pretty proof of

Insurgent. I hugged it. I stroked the cover, and it gained its place at the top of my review pile. My precious..... If you haven't already read Divergent, you need to go get a copy NOW! You are missing out on reading an amazing trilogy and trust me; you don't want to miss these books. First 50 Pages: The beginning of Insurgent picks up right where Divergent left off, luckily. I was hoping there wouldn't be any gaps in time between the first book and the second, and there wasn't. I was also worried that Insurgent would suffer from Sophomore Slump, but it didn't. In fact, I think I enjoyed Insurgent more than I did Divergent because this book has a ton of action and more character development. However, the world-building in both books is phenomenal. I would love to know how Veronica Roth comes up with the things that she does, because even though this world she dreamed up is crazy (and awesome), it never seems too far-fetched. The Young Adult market is so flooded with dystopian novels right now that aren't plausible, with the exception of a select few, including the Divergent/Insurgent novels. Characters & Plot: I'll do my best to keep this part as spoiler-free as possible so I don't ruin anything for anyone, but there might be some minor spoilers, so readers beware. Like I stated above, Insurgent picks up right where Divergent left off.
