# The Final Empire: Mistborn Book 1

## Synopsis

Brandon Sanderson, fantasy's newest master tale spinner, author of the acclaimed debut *Elantris*, dares to turn a genre on its head by asking a simple question: What if the hero of prophecy fails? What kind of world results when the Dark Lord is in charge? The answer will be found in the *Mistborn Trilogy*, a saga of surprises and magical martial-arts action that begins in *Mistborn*. For a thousand years the ash fell and no flowers bloomed. For a thousand years the Skaa slaved in misery and lived in fear. For a thousand years the Lord Ruler, the "Sliver of Infinity," reigned with absolute power and ultimate terror, divinely invincible. Then, when hope was so long lost that not even its memory remained, a terribly scarred, heart-broken half-Skaa rediscovered it in the depths of the Lord Ruler's most hellish prison. Kelsier "snapped" and found in himself the powers of a *Mistborn*. A brilliant thief and natural leader, he turned his talents to the ultimate caper, with the Lord Ruler himself as the mark. Kelsier recruited the underworld's elite, the smartest and most trustworthy allomancers, each of whom shares one of his many powers, and all of whom relish a high-stakes challenge. Only then does he reveal his ultimate dream, not just the greatest heist in history, but the downfall of the divine despot. But even with the best criminal crew ever assembled, Kel's plan looks more like the ultimate long shot, until luck brings a ragged girl named Vin into his life. Like him, she's a half-Skaa orphan, but she's lived a much harsher life. Vin has learned to expect betrayal from everyone she meets, and gotten it. She will have to learn to trust, if Kel is to help her master powers of which she never dreamed. Readers of *Elantris* thought they'd discovered someone special in Brandon Sanderson. *Mistborn* proves they were right. --This text refers to the Hardcover edition.

## Book Information

Audible Audio Edition

Listening Length: 24 hours and 45 minutes

Program Type: Audiobook

Version: Unabridged

Publisher: Macmillan Audio

Audible.com Release Date: January 22, 2009

Whispersync for Voice: Ready

Language: English

ASIN: B001QKBHG4

Best Sellers Rank: #22 in Books > Audible Audiobooks > Fantasy > Epic #58 in Books >

## Customer Reviews

I really wish that would introduce a more intricate rating system than five stars, as this would get about 4.5 stars from me. After many failed attempts at starting up various fantasy series, Brandon Sanderson has delivered something refreshing and vastly entertaining. This is very nearly a five star novel, though there are a few simple discrepancies that keep Mistborn from being legendary. Pros:- I was immediately pulled in by the bizarre world environment here. The idea of a land completely covered in ash at all times is strange and interesting.- The "magic" system, if it can be called that, is unique and a breath of fresh air. For me, a lot of fantasy is ruined by overuse of magic and lack of explanation about how magic works. His use of metals and Allomancy is genius and it's apparent that Sanderson invested a lot of time into this system. It's fun and believable.- Sanderson displays great world-building talents in Mistborn. Not only do we have a strange backdrop in the environment, but good history to fill it with. The mists and the Mistwraiths are weird and different.- There is no lack of action here. While I might have liked a little more description on the larger battle scenes, the Allomancy battles were just plain fun to read. With the characters using their abilities to push themselves through the air and hurl large metal objects, it was almost as if they were battling superheroes, and strangely enough this really works. He paid great attention to the rules and science of the Allomancy he created and applied them to these battle scenes well. Cons:- As others have noticed, characterization could use a little work.

I picked up Mistborn on a lark- based in large part by the written praise of Robin Hobb (an author whose work I greatly enjoy. I have not yet read Elantris, the author's first work. So, with an open mind, I picked up Mistborn...And was greatly impressed! I consider myself a fan of Jordan, Hobb, Martin, Erickson, Williams and have recently enjoyed the works of R. Scott Bakker. I can now add Brandon Sanderson to the list. The product description, and some of the other reviews, give pretty accurate assessments of the story and plotline. So, with that in mind, it's worth highlighting a few of the strengths and weaknesses of his story- with an eye toward hoping the weaknesses are resolved come book 2...Strengths:\* Nice world-building\* Good story arch/plotline\* Original "magic" system Weakness:\* Prose/dialogue/elocution: Several passages of inter-character discussions were ... just.. too explanatory. I (personally) try to gauge when reading items whether people in an actual conversation would speak the way an author portrays. And, unfortunately, especially after "major"

plot points, I felt some of the conversations between characters were just... too long- near soliloquy's vs. being dialogue. Again, this is a style point and a personal tick of mine.\* "Generic" characterizations: Much has been made of Vin's ability to swiftly learn allomancy; however, both she and Kelsier were the most fully-drawn characters. Other characters- Marsh, Breeze, etc- were more shallowly drawn.

Okay I do not normally buy into this is a GREAT read you should buy kind of stuff from publishers and critics; but unfortunately I could not find one single review for this book. I would much rather trust my fellow readers than someone who gets paid to read (that is the sound of me being jealous of those who do get paid to read by the way) and I even broke one my own major rules. I bought Mistborn and Elantris new, never having picked up the author before and I started reading and reading and reading and reading. I loved this book; I hated putting the thing down to do such mundane things as eat and sleep and not walk into walls. Sanderson has brought characters to life, true life not just the oh what a nice description of someone doing something kind of thing... He has me folks, I'm purchasing The Well of Ascension on my next paycheck, I hate the fact that I've devoured this man's work in such a short amount of time, but Mr. Sanderson's work can be revisited and more nuances found in the slower reading than in the quick estatic jump that I made of my first reading. Kelsier is a wonderful character, the group of criminals (in the law's eyes anyway) that he surrounds himself with are just as vibrant and intriguing as he is. Life under the Lord Ruler is harsh, possibly short and always dangerous for those who decide to live rather than simply exist; but these men and women do it and do it with style. The type of magic that Mr. Sanderson has come up with is believable and it works, your brain just nods along and agrees with the things that the characters can do. Vin and Elend will have their stories fleshed out in the Well of Ascension and I can not wait to jump into that pool, but this was a great introduction for me to a great story teller.
