# The Big Book Of Submission: 69 Kinky Tales

## Synopsis

Submission takes many forms in this collection of 69 short stories, from straining in bondage to taking a spanking, being put on display, and beyond. By turns bratty and worshipful, these submissives will go to great lengths to fulfill their naughtiest fantasies and are rewarded splendidly by their masters and mistresses. A student returns to show his former teacher who's really in charge, a photo shoot becomes an opportunity for erotic games, and a man revels in his wife's past as a former dominatrix. These brats, masochists, and hungry-for-sensation subs go above and beyond for the ones they adore, pushing themselves to new limits while their devious dominants put them through their paces. Edited by Rachel Kramer Bussel, these short stories sizzle with the tension of erotic power play, commands followed, and service willingly performed.

## Customer Reviews

The best part of any book of short stories is you'll always find at least one story you like. This one fortunately had many really great stories to choose from. I am a sex educator and personally invested in the kink community and I really enjoyed this book. I live as a lifestyle dominant and was really interested and honestly turned on reading from the point of view of the submissive. These stories leave you wanting more. People of all sexualities, gender, and races I believe will really enjoy this book if they have an interest in power play. 50 shades of grey doesn't stand a chance.

The very first line of the very first story in this book is "I want to feel you" which encapsulates so

much about this anthology. A well-curated collection of 69 very short stories, these are sexy, artful, deep, honest, dreamy and nearly palpable stories of submission and desire. Magnifique on the bedside table.

This anthology is a thick book consisting of 69 hand-plucked kinky tales that all deal with submissives. However, that is the only trait they share. This book has stories and relationship pairings to suit every level of desire and each sexual orientation. There are softer stories, and there are ones that made me wince in the best kind of sympathy pains (I've been there, fictional submissives. I feel your pain). There are stories that contain heterosexual couples, lesbian couples, male/male pairings, and combinations of the bunch. Whether your fantasy is leather, ropes, voyeurism, Femdom.... You like it? The Big Book of Submission has a story waiting for you. If I didn't enjoy a short story as much as another, it was simply because I either wasn't feeling the point of view, or it was written about something that is not my particular fetish. I can't win them all. Another great thing about this collection is that these short stories are not related at all, other than the central theme. This means that you can stop reading at whatever point you'd like. You can jump around and skip stories, because they are each independent. This is great for when you just want a quickie read, say in between classes (like myself). I would recommend this anthology to anyone who is interested or turned on by BDSM relationships. The heat level is sizzling and the variety of tales is wide. Obviously, this book deals with sex and BDSM themes, so if those types of things bother you, than this is NOT the book for you. Thanks again to Rachel & Cleis Press for my copy in exchange for my honest opinions.

These super short stories are little boosts of kink you can get during the day during those little pockets of time you'd be doing nothing else---standing in line at check-out, riding the bus, etc. If you're new to bdsm erotica like me, the brevity makes the content easier to digest, too. Veteran erotica readers, ya'll will love this one!

If you're looking for a book that encompasses all forms BDSM, this steamy book has it all. From the simple desire for servitude, to the naughty pleasure in pain, this collection offers a glimpse into a lifestyle not often shared. Whether you're new to the scene or a seasoned member, this book has a story fit just for you.

The Big Book of Submission: 69 Kinky Tales is an outstanding collection of short stories beautifully

gathered and edited by Rachel Kramer Bussel. The collection is 69 short stories viewed from every angle of submission and domination, top and bottom. It is kinky sex, but so much more. It's wanting. It is need and fulfillment. Mainly it's about love. The book doesn't come across as too hard-core, but it is a serious look at power-play and intense burning domination and submission. Since these are short stories, they burn super hot and bright and never bore. There are no back stories or prolonged, character histories to weigh stories down. The stories are all heat and flash. It's about challenges and acceptance. Of course there is also pain and punishment that excites whether you are giving or receiving. A special shout out to Teresa Noelle Roberts and her story Beautiful. A loving story about a cancer survivor who didn't submit to cancer. It's just that, a beautiful story. Thank you to Ms. Roberts for writing such a sensitive story and Rachel Kramer Bussel for being courageous enough to include it in this masterful collection. I just wish that the book included a 2 or 3 line biographical statement about each writer or a Twitter address. I really loved this story collection. It will long be among my favorites.

I LOVED this collection! There were quite a few stories that I skimmed that had themes I wasn't super interested in (m/m, femdom) but there are so many stories that there will be no shortage of ones that make this collection worth it. Bondage, domination/submission, s&m, fetishes; it's all there. Also, the stories are fairly short so they are fun to read a couple at a time when you have a few minutes here or there (or you're just looking for a quick little "spark" that you don't have to read 200 pages for). Highly recommended to erotica fans and especially those who enjoy D/s.

This anthology has a little something for everyone, if you enjoy D/s erotica. The stories included portray people who run the gamut from straight to gay to some sort of indeterminate queer, cis to trans\*, which is refreshing to see. The stories also range from fairly tame to explicit. Some of them left me wanting more, and of course on the flip side, some felt too long (I suppose my kink is not their kink). All in all, though, it's a great collection of stories, perfect for reading a bit at a time.
