Wintertide: Royce and Hadrian ride into Aquesta ragged and cold from the journey. Many people are coming to Aquesta for the upcoming Wintertide Celebration, one month away. The news has spread that Modina is to be married and the Nationalist leader Degan Gaunt will be executed, all as part of the celebrations. Melengar has fallen to the Imperial Empire. With this many worries come to mind...How's Gwen? Arista? Alric? So much to happen and worry about and questions to answer. I got a chuckle at the beginning of this book with the small group of young thieves we meet. But, by now we are all well acquainted with the characters and ready for Michael to bring them back to life for us. I was excited to be back into this world ~ its comfortable to me and I want to see where we are going with the situations the characters were left in, in Emerald Storm. Again, I couldn't put it down. I just had to know what would happen to these characters left in a little bit of a tight spot. Michael did a great job of setting up for this book with the previous ones and using

what he had available in all aspects of the world. There is nothing new pulled out of thin air or make you wonder 'where did that come from', everything we need and know have been laid out for us, but now tied together to answer questions for us. Many of the smaller unknowns and loose ends are tied up here, within a captivating story in which Michael brings all the characters together and to demise, good or bad. Percepliquis: Men are fighting for their kingdom and homes against attackers we have feared would come. Arista's having horrible nightmares, Royce is depressed after the ending in Wintertide, and Hadrian feels guilt.

How many of you have read a series and loved everything about it only to get to the last book and be completely disappointed? *raises hand* So many times that has happened to me, especially when I've read books back to back and I get to the end and stuff from the last book doesn't even fit in with stuff from the first book. I mean it does fit if you've had a drink or three and look at it while standing on your head while trying to balance a set of plates with your feet. But, not on a normal Tuesday. Well, have no fear. This is exactly the opposite of that. First, let's just say that the revelations at the end of book 6 totally fall in line with all the revelations made along the way. How did Michael J. Sullivan accomplish this you might ask? Well, I'll tell you young grasshopper. He didn't publish any of the books until the entire thing was complete. That's right! He had the luxury of editing stuff throughout to make it perfect and it was. There were so many great characters and moments throughout the entire series that I don't think I can pick just one. I loved the bromance: Hadrian and Royce make the perfect bromantic couple ever. They are totally in my top 3 of all time for sure. *** You can't kill Myron, Royce, Hadrian said, rapidly pulling the monk away as if he had found a child playing with a wild bear. It would be like killing a puppy. • *** Best philosophical monk ever: Myron had some amazing words of wisdom for our heroes in their most desperate hours. *** A beautiful day might bring disaster, while a day that begins trapped inside an ancient tomb, might be the best one of your life.
