The Flood: Arisen, Book 10

Synopsis

London under Siege With the tide of dead lapping at the walls of London, Major Jameson must decide whether to roll the dice and lead One Troop on a desperate mission into the fallen Russian Empire, to retrieve a designer pathogen so lethal it even kills the dead.... Chaos on Shore Miles over his head and on the precipice of failure and extinction, Wesley must lead an overmatched and under-equipped shore team through biblical fire and flood, to salvage any hope of completing the vaccine in time to save humanity.... Africa Devours On their final mission, a unified Alpha team fights for the ultimate fate of the world - and for their very survival, trapped at ground zero of the fall of Man, inundated by a deluge of never-before-imagined threats, and knowing that failure in their mission means extinction for the species.... Desperation. Heroism. Survival. The Flood.

Adventure #66 in Books > Science Fiction & Fantasy > Science Fiction > Dystopian #444

in Books > Literature & Fiction > Action & Adventure

Customer Reviews

Length: 280 pages. This is not yet available at audible.com for some reason. I note this author, and this series, is a huge hit on . Having said that, I have read none of the previous books, so, bear with me. My eyes are a fresh look at this monster hit series. This is a combination war story, science-fiction action-adventure. In other words, this book will best address the cravings guys have for hot and dirty get-in-your face action with no, uh, politically correct niceties. Put another way, this is not a story we ever are likely to view on Hallmark Channel. For me, that is great, for I read it in parallel with a book that is perfect for Hallmark. I needed to offset that other excellent literary work with something that, if not a literary masterpiece of mainstream prose, would appeal to my John

Wayne/Clint Eastwood cravings.Okay, I admit it, I am an old geezer. I love gritty shoot-em-ups and football.Even so, I also sometimes abhor stories of war guys loving the action shooting enemies whom they don't acknowledge as also being human. Navy Seals with Charlie Sheen was, for me, a total waste of time, even though I usually love his flicks.So, that should let you see why I was so late in discovering this great series of stories that, despite not being great literary works and despite not working towards character development. I have been trying to avoid stories that feel too similar to Navy Seals.By the way, lest I forget, the language is the sort we all have come to expect from military heroes. It is coarse, but, the language is perfectly consistent with that I would expect to hear in situations similar to those in which these guys find themselves.
