# A Little Princess

## Synopsis

Sara Crewe is a gifted and well-mannered child, and Captain Crewe, her father, is an extraordinarily wealthy man. So Miss Minchin, headmistress of Sara's new boarding school in London, is pleased to treat Sara as her star pupil—a pampered little princess. But one dreadful day, Sara's father dies, and her world suddenly collapses around her. All of her lovely things are taken from her, and she is forbidden to associate with her friends. Miss Minchin can now show her greedy and mean-spirited nature to its fullest. The little princess is reduced to a shabby drudge. But Sara does not break, and with the help of a monkey, an Indian lascar, and the strange, ailing gentleman next door, she not only survives her sufferings but helps those around her. --This text refers to the Audio CD edition.

## Customer Reviews

When I was six years old, I somehow became convinced that I was a princess. As a result, I now have a copy of this book inscribed "Christmas 1976...From the Queen". I hadn't read it before, but it instantly became one of my favorites. I was reading it in bed when I got to the scene where Sara finds out her father is dead; I had to stop reading and cry myself to sleep. There are other scenes, though, that didn't make me cry then, but they sure do now. "Guy Clarence" giving his sixpence to Sara, so convinced that he's setting her up for life. Sara giving away the currant buns to the real beggar child, and the shopkeeper's reaction: "Left just one for herself. And she could have eaten the whole six. I saw it in her eyes." And the very last scene: "Her name is Anne. She has no other." Another scene that doesn't make me cry, but is still very moving, is when Ram Dass drops

into Sara's attic to retrieve the monkey. That conversation plays on so many levels. First of all, he's respectful because she's white and female: kind of creepy from today's perspective, but OTOH, it's been a long time, at that point, since anyone has shown her any real respect. But, because they are both servants, he can be forthright with her, not just say "Yes, Missee Sahib" as he might have when she was wealthy. And moreover, it's refreshing for her to talk with him about India, which she apparently misses a lot. She was never miserable there, at any rate! And this scene is crucial, because after he leaves, she is face to face with the realization that her life is not going to get any better (as it stood, without Burnett's plot machinations). She mulls this, then decides, "Whatever comes cannot alter one thing. If I am a princess in rags and tatters, I can be a princess inside."
