Warrior Witch is the epic conclusion to my favorite YA Fantasy series of all times and I am in pain. It hurts so much to have read the last book because when you finish a book, when you reach the end of your favorite series, a chapter of your life closes when you close the last book. And that reality just hit me. Hard. Why did it have to end?! Before this gets too long, I want to state that Warrior Witch IS the ending that this amazing series deserves. The ending that completely destroys you and then fixes you. The ending that your heart will never forget. Get ready to go back to Trollus and Trianon. To love with all your might Tristan, CÃ©cile, Marc, Vincent and Victoria. To cheer them on as they fight for their lives and the freedom of the half-bloods and humans alike. You will gasp, cry, laugh, swoon, hate and feel every single emotion inside Warrior Witch's pages. But if you ask me to tell you which book from The Malediction Trilogy is my favorite, I fear that I won't be able to answer

you. My heart loves them equally for separate reasons, but I will say this: Stolen Songbird is like a dream. A surreal hidden world that's frightening yet beautiful. Hidden Huntress is like waking up into a harsh and desperate reality. Enticing and unforgettable. But Warrior Witch goes beyond the unimaginable. It's the very reason why epic fantasy exists. This book deserves a million stars!.....Longer review: First, of all, I want to thank Danielle L. Jensen for writing my favorite series. Thank you. Thank you. Thank you. For everything. For breaking my heart. For making me cry. For all the laughs and swoons and feels. For my favorite book boyfriend. For the bestest of fictional friends. Thank you.

Warrior Witch was one of my most anticipated releases of 2016, and I was sadly let down. Immensely. I fell madly in love with the first book, Stolen Songbird. With the second book, I was devastated that Cecile and Tristan were apart, but they each stood on their own and I loved how the story became mysteriously intriguing. So I have been ecstatically counting down the days until I could find out how the story would end. But Warrior Witch was missing everything that I had previously fallen in love with. And that's not even the worst part. Worst of all was that ending. That ending left me completely unsatisfied and utterly depressed.âœ“Cecile Was Cruel and Illogical - I adored the risks Cecile previously took! Yes, she could be rash, but given her situations I would have done the same. So I expected that there would be a moment or few that involved Cecile's rash or clever thinking. Yet what I found instead was two instances where she was cruel and illogical. And the Cecile I had admired wouldn't purposely send someone in harm or death's way. Yet she does. She put others at risk without a second thought of the consequences. And that angered me and left a bad taste in my mouth. The worst was the tent scene, that made me livid.âœ“A Separated Couple - I was so excited with how Hidden Huntress ended! Cecile and Tristan together again. A united front. I had desperately missed their chemistry, and I was looking forward to all of their moments together in Warrior Witch. Oh, how I wish someone would have warned me. It felt as though they were apart and fighting separately for more than half the book. And the moments they were together lacked passion.

What I Liked: Initial reaction, upon finishing this book: I wish I had never started this series. I don't think I have EVER said that about a series before. This series was a complete downhill rollercoaster - from amazing (book one) to horrible (book two) to so terrible I want to block it from my memory (book three). I feel bad because I requested this book from the publisher! But at the same time... I'm well and truly hurt right now. My thanks to Angry Robot, but, ah, I'm sorry too? Like Stolen Songbird and Hidden Huntress, Warrior Witch is a Pili-Pushed recommendation! It's going to count for the month of March.
