**Customer Reviews**

Imagine a world where you’re granted a second chance at life, but forced to give up everything you love? That is the story of Kahlen, our beautiful heroine in the new book, THE SIREN by Kiera Cass. When approached to read this one, I was admittedly a little nervous because I hadn’t heard anything about the book; nothing good, nor bad. I agreed to take the book on and as some other books I have had the fortune of being presented with, am quite glad that I did. THE SIREN was refreshing, haunting and beautiful all wrapped up into one beautiful little package.Kahlen is a loving, dark haired beauty. When life takes a disastrous turn and she’s faced with the decision of death versus a century of servitude, she chooses the option that will allow her to continue living. Years later she'll question that decision, wondering if her "life" now is worth the nightmares that she must face. Kahlen is a siren. Along with her sisters, she answers to the Ocean and helps to lure unsuspecting victims to their watery deaths with her voice of liquid gold and looks to match. Being kind and good natured at heart, Kahlen has a difficult time with the actions that she must perform in order to gain a
second chance at life. Her journey, from the very beginning, makes for quite the fascinating read and, at least to me, makes THE SIREN wonderful and unique. THE SIREN is actually a Young Adult novel although many of the characters in the book are above the Young Adult age. Cass does an amazing job of filling the story with just the right amount of details to satisfy any young adult reader while actually making for a great book for many adults as well. I personally find great enjoyment out of both Young Adult and Adult books, but I found that THE SIREN really seemed to satisfy both categories of books.
