Customer Reviews

I bought this to try to learn the harmonica. So far it is a great book but I still suck at harmonica. Its not the books fault.

I bought it for my wife who was learning to play the harmonica. She has only worked with it in a limited way.

I bought my 23-yr old grandson a Hohner Special Harmonica, Major C. He is a very self-motivated young man and loves to learn new things. I bought the Complete Idiot's Guide to Playing the Harmonica book so he could teach himself. He loves the harmonica and told me, "Grams, the book is really something. There is a lot more involved to playing the harmonica than you would think." Using the book, he has already taught himself how to play "Mary had a Little Lamb!" (HaHa) He credits the book because it was so helpful. He practices at least one thing from the book every day. I have no doubt that he will become proficient on the harmonica, due in large part to this book and, of course, his own motivation to learn new things.
