Product Dimensions: 10.8 x 8.5 x 0.9 inches

Shipping Weight: 3.1 pounds (View shipping rates and policies)

Average Customer Review: 4.2 out of 5 stars [See all reviews](#) (74 customer reviews)

Best Sellers Rank: #8,808 in Books (See Top 100 in Books) #8 in [Books > Arts & Photography > History & Criticism > Criticism](#) #21 in [Books > Arts & Photography > History & Criticism > History](#) #110 in [Books > Textbooks > Education](#)

Customer Reviews

This product said it would come with a course mate access code and it did not. I was forced to buy one for the class, and it cost another hundred dollars to purchase from the publisher's website. I was very unsatisfied.

I purchased this book because it was required for my college course of art appreciation. It was an online course and I was able to pass this class by having this book. It was also way cheaper than my college bookstore and other online sites.

Enjoyed the text that will be kept. A super resource with detailed explanations and graphics of various art types. While not an art major but one who does enjoy art in its various forms, found the text to be well worth the investment. Expect to refer to it in the future when questions arise.

Bought specifically because it advertised an access card. I understand there's a chance they might not come with it, if so DON'T advertise it. Code costs more than the book itself, almost twice as much.

I like how the book has a wide variety of art pieces from different places and different time periods however I feel that it could explain some of the art styles a little better and provide some more examples, although it is good overall.

There was no mention of water damage or that pages were torn, just that it was in used. Used books can be in good condition or they can be in bad condition. I paid over a hundred dollars and when I got my book some of the pages were stuck together so they are damaged with parts that are not legible. I don't think I got what I paid for and this is for my class, that I also had to pay for. I don't think that I will go this route again.

I rented this book for my grandson in college. I liked how the book was shipped in time for his class and the price of the rental. To buy the book would have cost me a fortune. This was the first time I rented a book, and I will rent again when necessary.

This product is advertised with the access card, but I didn't receive one. This is extremely misleading since you aren't exactly getting what you pay for, don't get this if you need the access card. If not, still don't rent it since you can probably get it cheaper by renting a standalone book that doesn't advertise the card.
