# Accent Reduction For Professionals: How To Eliminate Your Accent To Sound More American

## Synopsis

Do people have trouble understanding you? Are you yearning for your dream career, but your accent is stopping you? Is English your second language? Do you believe that your accent may be keeping you from the advancement you've been seeking? In *Accent Reduction For Professionals*, you'll discover secrets of reducing - and eliminating - your foreign accent. Envision the ability to present a contract or proposal to your native-speaking colleagues and not worrying about how you sound, confident in knowing that you've effectively masked your tell-tale accent and how everyone is listening to what you are saying and not how you're saying it. With this guide, you'll quickly learn the easiest ways to sound more like an American and dramatically improve the way you sound. What habits and insights can you be assured of learning when you learn and implement the tips, tricks and techniques revealed in this concise book?

## Customer Reviews

When you are a foreigner like I am, your accent is always a problem because people can't understand you as well as you want but this book will help you a lot. The author explains so well which are the most important facts for having an American accent, how it can be useful for applying for a job and for the communication and interaction with others. I really like the exercises that the author proposes and the easy that they are. So if you are interested in reducing your accent this book is for you.

I have to agree with most of the points from the book. I certainly believe that our accent is one of the factors that affects the flow of our communication. It has a direct effect on our career goals. I, for one

take pride in my accent. Therefore, I have honed my accent to adapt in many situations. I feel like this book will benefit most those that are not naturally English speaking or learning English as their second language. I do not discriminate based on accent but I have to agree that softening your accent makes it more professionally equipped especially in your career advancement. The steps and tips are practical that uses common words. Direct to the point and concise. This is exactly what my people need. I think this book is perfect with audio companions. Recommended!

Wonderful Book! English is not our first language but English is an international language all over the world So it's very important all of us. We must know about the American accent. If we don't understand American accent, then it's very difficult to communicate with the American people. This book reveals some really important factors of accent reduction. If you have a really good ear, you'll also hear that when you stress the first syllable the pitch of your voice lowers even while you're still speaking it. This book shows how to improve our American accent. I can relate most points of the book. So this is such an very worth reading book for all! Recommended!

I love this book!! This book is very useful for me. English is not my first language, but i need use english often in my job. So, you can imagine this is how difficult for me. I must study by myself. My goal is to communicate well in english with my colleagues. I found this book provides very detailed information about american accent. Recommend!

I have found this book a real help in my daily life. It was sounds difficult eliminating my accent for me. This book really describes the necessity of eliminating accent. As I expected, This book was worth reading. It's full of wonderful tips. Especially chapter:10 describes about 8 secrets to accent reduction. It was really helpful to me. I love this one. This book is strongly recommended. Thanks to Whitney.

Useful book. I can not say that the author has given detailed information. But it is in this book have great tips and tricks that can help. The main thing is to exercise regularly in practice, to fulfill the recommendations of the author, that you get a good result.

This is a fabulous book! I'm a management accountant, but because of my strong Polish accent, I sometimes felt that people were treating me like the kebab woman. Now, I listen to the CDs and practice and can see my progress; the method and exercises in the book are really working for me.

Does your accent makes you nervous, or causing you to doubt yourself. The book takes you through great steps to improve your accent, sound more professional and getting that dream job! It focuses on each section in depth to give you good and clear explanations.
