## Customer Reviews

I haven't rented a book in the past so this is my first experience, but I think comments regarding the books condition would be a good idea, like in the seller's marketplace. The book was listed as being in good condition, but I was not expecting to see a whole chapter with highlighting. I might have chosen a different copy had I known, as I do not like to study with someone else's highlighting and notes.

Such a great textbook. It's easy to read and provides current information about businesses and strategies they have taken to improve their marketing strategies.

Needed it for class, its a good and helpful book for marketing
