Million-Dollar Classics: The World's Most Expensive Cars

Synopsis

The allure of beautiful and rare cars is timeless, since the dawn of the automotive age people have aspired to own and drive the fastest, the coolest, and the most expensive cars. Million Dollar Classics-The World's Most Expensive Cars is a lavish photographic collection of some of the most sought after models that have been made available for auction in recent years. All of the cars featured in this elegant book attained auction prices upwards of \$1,000,000, making them the most desired cars in the world, as well as the most expensive. Captured on camera by specialist automobile photographer Simon Clay, the stunning images in this book are accompanied by an informative text that gives the reader the specs, history and other fascinating details of these dream vehicles. This book is perfect for any automobile lover, or collector and includes vehicles created by Mercedes-Benz, Bugatti, Alfa Romeo, Ferrari, Jaguar, Maserati, and Aston Martin.

Customer Reviews

Clearly originally designed as a coffee table book, it does have big beautiful pictures but also has detailed information on each of the cars as well. It was a great gift for a car obsessed boy who has a number of car books, but it would also work quite well as a coffee table book in a living room.

I purchased this book as a gift for my young cousin, who loves looking at and talking about exotic cars. It's a slick hardback book with great photos--it might not be 100% accurate or have the details that a TRUE afficionado would appreciate, but it's perfect coffee table book for a young man who likes fancy cars!

Million-Dollar Classics:The World's Most Expensive Cars(Book,Hardcover.)Million-Dollar Classics does not feature Even one Corvette!In fact nothing of the GM Variety is in the book,No LaSalle,No Cadillac,No Buick,Pontiac,Oldsmobile.Yet Ford Is in there(GT40,A Cobra,Cobra Daytona.)Aside from those cars which are derived from British cars such AS AC and then in the GT40 off the Lola GT. Only two Dusies are in there,besides that the fixation is on Ferrari with one Maserati.The cars featured are described in one page,and they are spread out over two pages each car,and after 67 it jumps to the McLaren F1. There have been Corvettes sold well over a Million dollars!and Racing Variety Corvettes Even more,no other special cars were Featured such as The Jim Hall Chaparral,or The Bill Thomas Cheetah.As for my favorites of what the Authors Chose for the book?The Cover car-1962 Ferrari TestaRossa with the Shark nose,and the 1957 Pontoon-Ferrari,and the 250GTO and the Maserati.

It's hard to imagine how fine books such as this can be sold so inexpensively. This book contains many beautiful photographs and provides concise descriptions of the many cars described that are worth over a million dollars. Many of the cars featured in this book have not, to my knowledge, appeared in other publications and makes for fascinating reading. I'd definitely recommend this book. At the price that its selling for, it's a real bargain.

Nice photography, but text is superficial and full of misinformation. Worth no more than the used price I paid.

My Dad loves this book, I gave it to him as a get through the winter gift. He says the pictures are beautiful, and the book very informative.

My teenage grandson so excited. I may purchase other books re: cars.Thanks for making 2 people very happy.

Jaw dropping, so fun to see the craftsmanship and design. Gorgeous photography on thick rich matte paper!
