Diamonds, Gold, And War: The British, The Boers, And The Making Of South Africa

Synopsis

Southern Africa was once regarded as a worthless jumble of British colonies, Boer republics, and African chiefdoms, a troublesome region of little interest to the outside world. But then prospectors chanced upon the world's richest deposits of diamonds and gold, setting off a titanic struggle between the British and the Boers for control of the land. The result was the costliest, bloodiest, and most humiliating war that Britain had waged in nearly a century, and the devastation of the Boer republics. The New Yorker calls this magisterial account of those years "[an] astute history....Meredith expertly shows how the exigencies of the diamond (and then gold) rush laid the foundation for apartheid."

Customer Reviews

I have read several books (though certainly not enough) about South Africa: 'The Great Boer War,' by Sir Arthur Conan Doyle; 'The Corner House,' by A.P. Cartwright; 'The Randlords,' by Geoffrey Wheatcroft; 'White Tribe Dreaming,' by Marq de Villiers; 'The Boer War,' by Thomas Pakenham; and 'The Covenant,' by James A. Michener, but until I got into my latest purchase, 'Diamonds, Gold and War,' by Martin Meredith, I was not entirely sure why I had become more than sympathetic to the old Boers and to Afrikanerdom. Mr Meredith has given me all of the necessary reasons and, as a life-time admirer of the British Empire and its works, I was made more firmly angry and ashamed at what some of those ostensibly promoting the Empire had done to those to whom the British people should have been attached and who should not have been antagonised and attacked. Cecil Rhodes's dream of colonising from The Cape to Cairo had great merit, especially if one recalls to what depths much of Africa has descended since Rhodes's day, but it was clearly a gross mistake

and an unforgivable deed to betray his Cape Boer friend, Jan Hofmeyr, and his potential friends, President Paul Kruger of The Transvaal and President Marthinus Steyn of The Orange Free State. Rhodes comes out of the book badly, as do his co-conspirator, Dr. Leander Starr Jameson, the British Colonial Secretary, Joseph Chamberlain, and, worst of all, the British High Commissioner and Governor of the Cape Colony, Sir Alfred Milner.
