Well Hung

Synopsis

From the NYT bestselling author of Mister O, comes a hot and hilarious new standalone. Here's what you need to know about me - I'm well-off, well-hung, and quick with a joke. Women like a guy who makes them laugh - and I don't mean at the size of his you-know-what. No, they want their funny with a side of huge, not to mention loyal. I've got all that plus a big bank account, thanks to my booming construction business. Yup. I know how to use all my tools. Enter Natalie. Hot, sexy, smart, and my new assistant. Which makes her totally off limits...Hey, I'm a good guy. Really. I do my best to stay far away from the kind of temptation she brings to work. Until one night in Vegas...Yeah, you've heard this one before. Bad news on the business front, drowning our sorrows in a few too many Harvey Wallbangers, and then I'm banging her. In my hotel room. In her hotel room. Behind the Titanic slot machine at the Flamingo (don't ask). And before I can make her say "Oh God, right there, YES!" one more time, we're both saying yes - the big yes - at a roadside chapel in front of a guy in press-on sideburns and a shiny gold leisure suit. But it turns out what happened in Vegas didn't stay in Vegas. And now my dick doesn't stay in my pants when she's around. But the more we try to keep our hands to ourselves, the more we end up naked again, and the more time I want to spend with her fully clothed, too. The question is...do I take this woman to be my ex-wife?

Book Information

Audible Audio Edition

Listening Length: 6 hours and 48 minutes

Program Type: Audiobook

Version: Unabridged

Publisher: Lauren Blakely Books

Audible.com Release Date: September 12, 2016

Language: English

ASIN: B01KP7LXN0

Best Sellers Rank: #3 in Books > Audible Audiobooks > Romance > Contemporary #42 in Books > Audible Audiobooks > Fiction & Literature #132 in Books > Romance > Contemporary

Customer Reviews

Deep breath because I'm still recuperating from the book hangover I received after reading this book. I'll start by saying, when Wyatt was first introduced in Mister O, I instantly felt a connection to

the character. Not sure why...actually I know why. He came across as quick witted, sexy and good with his hands. Yes, I got all that from his 1 or 2 scenes with Nick. Little did I know, he'd be so much more than I could have imagined. As with most of my reviews, I don't like to retell the story. That's the point of reading the book, or reviewing the blurb or synopsis. What I will focus on is the dynamic of the story, and the captivating voice and perfect writing style of Blakely. Within the first page, I knew that Wyatt's story would give me all the feels that comes with the Romantic Comedy that's been created by Lauren Blakely. This book did not disappoint. Wyatt, who out of all the characters thus far, has a career that just oozes sexiness. He's not a lawyer, or a doctor or anything of that nature, but hey, you get the drift from the cover...he works well with his hands (insert grin). Blakely, as always, uses her research skills and gives a very real view of what someone in his industry would handle on daily basis. I've worked with a construction company, so she was spot-on with the day-to-day operations...Enough of that. Wyatt's character is my favorite so far. A man who is both talented, smart and funny, and well-hung...I mean what more do you need besides a wish that he were real lol (Perfect Unicorn). I love that Blakely gave him a past but put him in a situation to deal with it face-to-face in the form of Natalie, who was full of passion and a genuine spark in the novel. You can't help but enjoy the chemistry created by the two.
