Corporate Social Responsibility: Readings And Cases In A Global Context
As a relatively young subject matter, corporate social responsibility has unsurprisingly developed and evolved in numerous ways since the first edition of this textbook was published. Retaining the features which made the first edition a top selling text in the field, the new edition continues to be the only textbook available which provides a ready-made, enhanced course pack for CSR classes. Authoritative editor introductions provide accessible entry points to the subjects covered - an approach which is particularly suited to advanced undergraduate and postgraduate teaching that emphasises a research-led approach. New case studies are integrated throughout the text to enable students to think and analyze the subject from every angle. The entire textbook reflects the global nature of CSR as a discipline and further pedagogical features include chapter learning outcomes; study questions; “challenges for practice”™ boxes and additional “further reading”™ features at the end of each chapter. This highly rated textbook now also benefits from a regularly updated companion website which features a brand new ‘CSR Case Club’ presenting students and lecturers with further case suggestions with which to enhance learning; lecture slides; updates from the popular Crane and Matten blog, links to further reading and career sites, YouTube clips and suggested answers to study questions. An Ivey CaseMate has also been created for this book at https://www.iveycases.com/CaseMateBookDetail.aspx?id=335.

**Synopsis**

Great and comprehensive book that takes from a lot of sources. You WILL learn something.
Book is missing pages 377-408. Required text for the class I am in.

great book
