Customer Reviews

I'm sure it's an excellent book (I have the entire collection for adult voices in all 4 voice types), but couldn't have bothered to list the contents? I'm perfectly capable of looking it up via other sources, but this is just laziness on the part of creating the item page.

A good collection of songs, but since it is for teens, I would have liked more pedagogically validating songs for teens as per the tessitura et al.

Excellent compilation. A good collection of musical theater pieces with nice arrangements. Highly recommend for the serious singer's repertoire collection.

Great volume for teens.

Great collection.
