Essentials Of Strategic Management: The Quest For Competitive Advantage
Synopsis

Essentials of Strategic Management presents a conceptually strong treatment of strategic management principles and analytic approaches that features straight-to-the-point discussions, timely examples, and a writing style that captures the interest of students. The standout features of this fifth edition of Essentials of Strategic Management are its concisely written and robust coverage of strategic management concepts and its compelling collection of cases. The text presents a conceptually strong treatment of strategic management principles and analytic approaches that features straight-to-the-point discussions, timely examples, and a writing style that captures the interest of students. The fundamental character of the fifth edition is very much in step with the best academic thinking and contemporary management practice. The chapter content continues to be solidly mainstream and balanced, mirroring both the penetrating insight of academic thought and the pragmatism of real-world strategic management.

Customer Reviews

Just a heads up, this did not come with the necessary connect code to complete the homework and quizzes. I had to drop an additional $130 to buy it online from the publisher. Do yourself a favor and either buy the book somewhere else that provides the code, or rent the thing and buy the Connect code yourself.
