# How To Get Rich In Real Estate: Quit Your Job, Be Your Own Boss, & Live The Dream

# **Synopsis**

WARNING: If you don't want tons of money, fancy cars, big houses, and freedom in general, do not read this book! It is not safe for you. What would it be like to not have to go to work anymore? To wake up whenever you feel like it? To work when YOU want as opposed to when your boss wants? You're about to discover a HUGE closely-guarded secret that will revolutionize your beliefs about what's truly possible in the world of "no money down" real estate investing ... and your life will never be the same. Author Preston Ely is a real estate investor, serial entrepreneur, life coach, musician and philanthropist who was acclaimed by Fast Company as one of the 100 most influential people online. His company was recently recognized as one of the fastest growing private companies in America by Inc Magazine. His "No BS" approach to life and business has garnered him a following of over 200,000 newsletter subscribers, and he's helped many on their paths to financial freedom. You're next.

## Customer Reviews

I agree with the other reviewer who stated that Preston gets to the point quickly in this book. I felt like he skipped a lot of the hype that a lot of authors feel the need to include. I especially liked the

biographical bits where he explains that he hated school, skipped college, and went straight into work life. I understand that a lot of people do that, and no matter how much they struggle, they don't seem to get much further than a few dollars over minimum wage. Preston provides insight into the Real Estate market by sharing his own personal experiences in building a successful business and luxurious life for himself. I recommend this book for anyone who is looking to get into real estate flipping, or anyone who enjoys reading a great success story with motivational undertones. But don't worry, it isn't going to jump out and hit you with, "and YOU, TOO could be successful!" ... His writing style is very fluid and easy to read.

I didn't buy the book off of I bought it from Preston and The book is a good read and tells you how to work hard and become a real estate wholesaler with some humor and personal development; However then he wants you to join his program that's \$97. a month with a 30 day trial well I did and well I tried to cancel logged in looked every where I could and mind you I have canceled many things in the past well it wasn't there emailed customer service and no response on how to cancel; well no response at all so I am pretty upset right now to say the least.

I bought this book from an offer I heard on a late night talk show. The "FREE" book cost \$2.95 for shipping. Thy also offered a web program for only \$97/month which I declined. They charged me anyway. When I disputed with my credit card company they said I ordered it on their website and confirmation was sent to my email (which was an incorrect email address for me) and claimed it was a legitimate charge. This is still in dispute, but right now I am out \$97 for something I didn't order and the company is lieing about it. I thumbed thru the boo. It looks very elementary and more like a marketing tool to say he has a book and then lure you into other high cost offers. I have no interest in reading it now. What a joke! This company is NOT to be trusted.

Chock full of great information on wholesaling real estate also lot of step by step how to. I have participated in numerous real estate training and paid lots of money. This is up there as some of the best information to help a Newbie starting on real estate investing journey. If you are on the fence get the book, you can read it in a couple hours.

Preston keeps it straight and to the point for newbie investors, but also covers tons of strategies that any level investor can use. Also VERY motivational!Stop thinking and read this book now!

I LOVED this book. It's a super quick read and gives you the almost step-by-step business plan on how to wholesale in any market. Preston seems like a great dude and certainly knows his stuff. I also love his personal convictions that he shares. He does all of this with great humor and makes this book hard to put down. It doesn't feel like a "real book" when you read it, which is a great change of pace. Took me two days to read this whole thing in my spare time. Not too shabby for a guy who doesn't read a ton. Great book and 5 stars!

I ordered this book 10 days ago and never opened the package. I lost my job a few weeks ago and was struggling to find the motivation to read. Well I picked it up today, and I honestly couldn't put this book down. I read the whole thing cover to cover today. I've never done that before. Extremely informative book with motivation and humor intertwined everywhere. Definitely a recommended read!

Amazing book Preston gets right to the point and really teaches you what you need to know. Funny and easy to read he definitely tells you how to make money.
