# Legal Loopholes: Credit Repair Tactics Exposed

## Synopsis

It is estimated that over 80 million Americans are living with poor credit, and recent studies have shown that up to 79% of all credit reports contain errors. Use this recession-proof, guerilla-repair guide to quickly and legally repair your credit and improve your scores. Don't pay credit repair companies thousands of dollars; do it yourself, and be fast on your way to owning the car or house of your dreams. Remove accurate negative information Boost your scores in as little as 72 hours Establish credit fast and easy Laws to stop creditors fast in their tracks Secrets the credit bureaus don't want you to know Remedy identity theft in 4 days "Finally, a credit repair guide that delivers! I applied these legal-loopholes tactics and improved my credit score by over 100 points in less than 30 days! The author uses his legal background to shed light on the little-known provisions in the law, allowing you to legally and quickly repair your credit and boost your scores. Yet his simple approach and sample legal form letters make repairing credit so easy-you need only be smarter than a fifth grader to do it yourself" -E. Henry, Milwaukee, Wisconsin, savvy consumer

## Customer Reviews

I have purchased several books on the subject of accurate credit reporting. I like to see things from different perspectives as well as take advantage of how differently concepts can be explained. For example, two authors attempt to explain one topic; one author leaves me hopelessly lost in confusion while the other explains the topic perfectly. This book represents one of my first purchases on the subject and it has provided me knowledge and tactics that I would have been long in discovering. There is another virtue that aided my decision to purchase this book; this author is

super intelligent, (you can see this in how well he writes) and self-sufficient. I guess this a personal thing as I am a "read it and do it yourself" type of guy. Read and understand what the author has to offer. That may mean getting familiar with the FCRA and FDCA (if there is such a thing for the latter.) Yes, it will take work and it's possible to be up to your elbows in dry legal phlegm (sorry legal professionals) but you will be a step closer to success if you can somewhat understand the laws that aid accurate credit reporting. The credit bureaus and bill collectors count on your ignorance and lack of confidence during the dispute process. You also owe it to yourself to research case law where average consumers emerged victorious against the credit bureaus for failure to follow FCRA. Read, understand and take action by applying the tips offered in the book, and the portion of the FCRA/FDCA that applies to your situation. Best of luck to you. UPDATE: It seems I reviewed a book on this subject titled "Cracking the Credit Repair Code" by Brian Lane. I can't find the review I've written and that review is flawed because I've mistaken this book for another.
