Some Day My Prince Will Come
When You Wish Upon A Star
Whistle While You Work
Who's Afraid Of The Big Bad Wolf?
Zip-A-Dee-Doo-Dah

This is a delightful little music book and exactly what I was looking for. I would just suggest purchasing the paperback version rather than the Kindle version. It is just too much information for the Kindle screen. I suppose if you wanted to download the Kindle for Desktop app and play it from a computer screen, it might work. But honestly? Just buy the paperback.

full musical notation, only has chord tablature so you need to be able to read music, cute songs, large print, all in all a good purchase for those just starting out.

I bought this book not knowing if for a ukulele beginner like me would be able to play along but these songs are on just the level I need, I can play almost every song in the book with a few chords. There are a couple harder songs with more chords but that's it. If you love Disney songs then you'll really enjoy this book.

I bought this for my teenaged daughter who is teaching herself to play the ukulele. This book is easy to learn from and the songs are so sweet-sounding.

I bought this book to learn some of the Disney songs on my Uke. They are fun. This is a music book, so for someone who is a beginner, it isn't like the tutorials on YouTube. It has the chords, notes, and lyrics. Strum patterns are ambiguous to fit the tradition of playing a uke. With practice and playing along with the songs I have, I have come to enjoy having this book as a reference.

This was a great book for my Disney-loving Uke-playing self. It reads easily with tabs above each chord change. I'm a beginner, so this is necessary for me at this time. My only complaint is that one or two songs require a page turn, which is difficult when both hands are occupied with, you know, playing the ukulele. I would love to see a sequel or two to this one! More songs, more movies covered!

The Disney tunes included in this section are, for the most part, classics. There are a couple that I have never run into, though, and my music reading skills are insufficient to the task of cold playing them.
