Customer Reviews

This set consists of 3 audio cds and a CD-Rom disc. The basic idea in this teaching method is that you are given German words in the context of familiar English sentences and that by becoming familiar with the new words and slowly increasing your vocabulary you eventually listen and learn sentences and phrases in German alone. I do not rate this set as highly as the Michel Thomas Beginner's series simply because it is not as in-depth nor does it build language comprehension as

solidly. A very good buy for the current used price of approx. \$8. Tchuss!

Gives you basic German and is usable in a couple weeks. Fun to use and study. My wife and I enjoyed speaking it at mealtime.

It's a good way to increase vocabulary but, better course are from Michel Thomas

Perfect!

This is the best language series I've ever heard....the method is unique and fun to listen to...you really learn while doing! It's not the usual boring memorizing of words. I was amazed at how much I had learned on my recent trip to Germany. I look forward to more of the same when I begin studying another language for my next trip abroad...
