# Fifty Ways To Practice Writing: Tips For ESL/EFL Students

## Synopsis

This book is made for students of English as a Second or Foreign Language. Learning another language is never fast, but the Fifty Ways to Practice series will speed things up by showing you how to practice more efficiently and effectively both inside and outside the classroom. These books can be used by beginners and advanced students alike. You will learn 50 ways to practice and improve writing - both with pen and paper and typing. By applying these methods, you will write more, write faster, and write more correct and more interesting papers and letters. You do not need to be living in an English-speaking country or be currently taking an English class to use this book. However, students who are already in a class can also use this book to improve their writing more quickly and easily. You do not need to have English-speaking friends or acquaintances to write to or even any idea of what to write about. This book will provide those ideas. When you are done with this book, why not write and tell us how you liked it?

## Book Information

Audible Audio Edition

ASIN: B00HCTSUYK

Best Sellers Rank: #53 in Books > Audible Audiobooks > Language Instruction > English #144 in Books > Audible Audiobooks > Language Instruction > Other Languages #623 in Books > Audible Audiobooks > Nonfiction > Reference

## Customer Reviews

I like it! Although people assume that doctoral ESL students might not have language issues, I still feel that I need much more practice. This book recommend several very useful writing tips, which not only apply to writing but also reading, and speaking. Good choice for me.

This is the material for an online course at Berkeley. The course is about developing writing skills. The materials are optional, but they are an excellent option as resources to have references, and samples of writing. I highly recommend this materials. You can used it independetly from the

course, because it is well written. The book guides you to improve the writing skills required!

It is an easy ebook to read and take action on practicing your writing as soon as you can. This book is a good tool if you don't have enough time to think how to improve your writing practice because you are too worried to be creative. Right now I am following one of the tips. It is the first time I write a review even though I have read ebooks before. I now know the best and only way to improve anything is "taking action, practice, practice..." and here I am. Thank you Dorothy for sharing your knowledge in an easy and "digestible" way. Perhaps the only one thing that I would expect more in the book are examples. I understand the idea of the book is to get easy and quick tips; however for ESL, a bit of more examples are always welcome. Enjoy and practice!

It was very easy to read and the author knows a lot about the topic. But the best thing is that she makes everything look simple and achievable! And that encourages us, learners, to continue researching and working harder! However, I found a couple of spelling mistakes. That's a detail but there shouldn't be any!

Very clear explanations and useful tips which are easy to follow. There are no rules or tasks, just recommendations and tips.

Sometimes we can think that studying English will be boring and too hard. Books like this help you to learn in a more real and funny way, connected with everyday life. Very recommendable!

I use some of the tips with my adult ESL students and they loved it. Each of my students has a blog now to maintain where they practice writing in English. Very useful!

is an interesting book, it shows tips to practice reading, following these tips is possible learning different languages. This book is very easy to read.
