Hip Hop Rhyming Dictionary: The Extensive Hip Hop & Rap Rhyming Dictionary For Rappers, Mcs, Poets, Slam Artist And Lyricists: Hip Hop & Rap Rhyming Dictionary And General Rhyming Dictionary

Synopsis

A Proven, Step-By-Step System To Mastering Your Writing Rhymes, Free Style and Song writing Game— Finally Revealed.. The Amazing insider Secret of the Best Ghost Writers in the Rap and R&B Game Dear Lyrist & Songwriter Welcome to the first Extensive Hip Hop Rhyming Dictionary. In this volume, we will provide you with a very brief introduction to the history of Rap and Hip Hop. This dictionary will provide the reader with the knowledge of different types of rhymes and illustrate the practice of these rhymes with examples from a variety of different artists. In the final chapters of this book, a multitude of common phrases will provide the reader with rhymes that go far beyond the basic end rhyme. Today only, get this bestseller for just \$9.99. Regularly priced at \$14.99. Read on your PC, Mac, smart phone, tablet or Kindle device. Here Is A Preview Of What You'll Learn... The objective of this dictionary is to provide writers with a perspective different from most rhyming dictionaries. Too often rhyming dictionaries provide very simple, monosyllabic rhymes that neglect to expand the mind and leave many works at the beginner-stage. Furthermore, an additional dictionary offers Homonym rhymes, which will be explained later in this book. Continue reading and take yourself to the next level. Customer Reviews

This book's really cool. I'm not a huge fan of rap and hiphop, but I like to listen to it once in a while. As a singer, I tried to do a variety of genre, but I never seem to get the gist of rap and hip hop. I've always found it witty that rappers can just make rhyme out of their heads immediately. This book definitely broadens my knowledge of rap and hip hop.

As its title indicates, Gio Williams' "Hip Hop Rhyming Dictionary: The Extensive Hip & Rap Rhyming Dictionary for Rappers, Mcs and lyricists" is for rappers, masters of ceremony and lyricists. The title insinuates the exclusion of students - of rap and hip hop - from the readership of this dictionary. Anyone with at least a passing interest in these genres is a likely student. Such a person would benefit from reading this dictionary. This dictionary succinctly, yet effectively, documents the evolution of rap and hip hop from West Africa in the eighteenth century to the United States of America in present times. This dictionary also documents diverse rhymes and homonyms, with an emphasis on hip hop rhymes. Its offerings are rather interesting. If you want to know the meaning of rap and hip hop terms, this dictionary will enlighten you.

This little black and red lettered book is a very unique and interesting volume. And there are very

few like it like the title says it is a rhyming dictionary that will provide that will not only provide inspiration for those that are new to the rap and MC universe, but it will guide and inspire a tried-and-true veteran as well. Contained within these 176 pages are not only suggestions for words and rhymes of all various types (which the book thoroughly explains). But there is also historical information as well. So the artist will know, the lineage of their particular style of rhyme and this is a very good thing because if you understand where something came from. Then you can truly make it your own. The last few chapters of this intriguing little volume also contain examples of all the various rhymes and types presented by a wide variety of top-level artists. So if you are looking for a little inspiration or want to know how to use a particular rhyme to take your flow to the next righteous level, then this little book is not going to be disappointing.

Wow! This book is jam packed with information! I loved reading about the history of rap and hop hop. The dictionary was amazing. As a person with some background in music and poetry, I found it fascinating. The dictionary was very cool to read and I can see a lot of time was put into getting it prepared. I was impressed by all of the different phrases in the dictionary. Anyone with any interest in music and /or poetry would find this book fascinating. Interesting stuff!

I love hip hop so it was only right for me to pick up this book and I was amazed to say the least. This book was a thorough guide of rhymes that can be used to make great songs. I bought this book for strictly entertainment and I was surprised at how helpful it was at helping me create raps. The process really works. Any artist should pick up this dictionary in order to improve the quality of their freestyle. Of course it takes practice, but I had a lot of fun doing it.

This book is great, My step son tries to rap and it's given him so many ideas. Good suggestions of how to rhyme and create lyrics that even a teenager can understand. It has improved his work already so it was well worth buying. It's well laid out and follows well though it is pretty short so don't expect a huge dictionary but it will broaden your vocabulary and give you more options to work with. It does have a little bit of history in it as well so it's not just words and rhymes

If you are looking for rhymes you have found the right book. This is a pretty extensive dictionary and although Gio Williams calls it a Hip Hop Rhyming Dictionary one can find many other uses to these rhymes. As a teacher I found a valuable source of inspiration for different assignments and I have used it extensively for some class projects. The brief introduction to the history of this musical genre

just opened my appetite and I am looking forward now to learning more about it.

I hear a lot of rappers getting bashed and I didn't want to be one of them when I got the idea to try my hand in it. I had a friend tell me he read this book and it helped him so I decided to give it a try. This book was very helpful. It told me how rap originated and the imperfect ways to rhyme. It went as far in-depth as possible with examples that were easy to understand. I have started as an underground rapper and my fan base is steadily growing.
