10 Bed-Time Stories In French And English

Synopsis

Bilingual Short Stories in French and English for Young Listeners Introduce your children to the joys of listening/reading while helping them improve their French and English proficiency at the same time. This book is perfect for kids between ages eight and 12 and is designed to boost language skills, enhance the imagination, and pave the way for a life-long love of reading. 10 Fun and Engaging Stories Featuring a wide array of enjoyable themes, parents can rest assured that the material in this book is highly suitable for children. Written in Parallel Text to Boost Comprehension Each paragraph is written in both French and English - first in French, followed by its English equivalent. You can also listen to the stories in French only or in English only, which is perfect for bilingual children, whether native French or English speakers! The stories are recorded in two ways, with an English version narrated by a native English speaker, and a French version narrated by a native French speaker. The audio is designed to help listeners learn the correct pronunciations and improve their listening skills in an enjoyable manner. Not Just for Children - It's Great for Adults, Too! This book is suitable for children, but adults can also enjoy it. Whether you are looking to improve your French (or English) with a fun method or you are simply in it for the joy of listening to a short story, this book is great for adults. Grab your copy now!

Customer Reviews

I find this book very intriguing because I once took French classes in High School for two years and would like to pass on the language to my nieces and nephews. I believe this book isn't just great for children, but for people of all ages that are new to French & English or could use a refresher. The paragraphs alternate between English and French making it easy to see how words relate and

sentence structures differ. The addition of audio really brings to life the stories along with learning pronunciation and is narrated in both languages as well. This is a great educational tool and the stories are enjoyable.

The male voice reading the French is much softer than the English versions of the story, so it's a loud change when the language changes. Wouldn't you assume the listener would listen to both the English and French together, and make them the same volume? Also, although the French reader's voice is pleasant, it's not articulated well. I can't help but wish the readers were reversed.

I stumbled across this book the other day and downloaded it onto my kindle fire. I must say that this book exceeded my expectations. I always wanted to become familiar with the french language. I figured this would be a great way to learn. The book is innovative and has a great selection of bedtime stories. I'd say this is the perfect way to bond and learn a new language with a child. The text is organized into paragraphs; French first then English. Also, I love that this book has audio included. It's so helpful because it's easier to learn how to comprehend and pronounce each word in French when you hear it. I would highly recommend purchasing this book. It's affordable, fun and educational.
