Best Sellers Rank: #9 in Books > Audible Audiobooks > Humor > Jokes #269 in Books > Humor & Entertainment > Humor > Jokes & Riddles #3061 in Books > Audible Audiobooks > Children's Books

## Customer Reviews

Mr. Hogan had a giveaway for this book on LibraryThing and I was fortunate to have snagged one of the KINDLE copies which were being given away and the following is my honest opinion for this book. Being a child of the 1950s we didn't have all of the things kids of today have. We had no DVDs, CDs, high-definition televisions, electronic game boxes, etc. Instead we all played street games; girls had their games and the boys had their games. Reading this book brought me back to those simple days, days in which kids had to be creative in finding things to amuse ourselves with. One thing we had in common was jokes and more jokes. Unfortunately, I believe the art of children telling jokes to each other has for the most part been lost. Reading this book as an adult, I believe you'll find it rekindling your memory of those days when you and your friends shared jokes on a regular basis and remember how happy you were telling them. If it does, then why not share this joy and happiness with your children and see if they'll come up with some of their own jokes. For rekindling the memory of my days as a child and for allowing today's children to experience the

telling/sharing of jokes, I giving this book 5 STARS.

Pros:- Easy to read book, just read and enjoy line by line- Jokes are easy to understand for kids and are pretty funny- Brings back old memories of when there was a book fair at school- Kids thought it was funny and enjoyable  
Cons:- Book is super long- Some of the jokes are so corny  
Upon reading the first few jokes it reminded me of when I was 8 and the school had the book fair come into the library. These books and the corny jokes they had inside of them were always a hit. Looking back on it, I wonder how I was so enamored by such a simple book. I only got through about 10 pages before I couldn't take any more of the jokes. I read it to my children and they thought it was pretty funny, of course I only picked and choose the good ones and the ones they would actually be able to understand. They have hijacked my iPad and are reading the book on their own now ( which is a good thing!). Overall, not a bad book, I did get it for free since it is a free ebook, so not much to complain about. Overall, I would probably only recommend this book to parents with nothing left to read to their kids.

My niece/god daughter is 4 years old. She is not capable of reading yet, but she loves to hear certain jokes. She loves the time I spend with her and appreciates me reading to her. I bought this book to spend more time with her and to use as an ice breaker when her and her friends have some play dates  
The book overall is 49 pages and I was able to read it off of my iPad. I realized shortly after that it wasn't a book that you could just read off. My niece got bored and quickly became inattentive. However, this is great to use for a couple of minutes to keep your loved ones entertained. I appreciate how the jokes are clean, whilst all others tend to be dirtier.  
Overall, this is a great book for children that are interested in receiving clean jokes and for caretakers that would like to spend some extra time with their loved ones.  
I received this free or discounted for testing and reviewing the product. I am under no obligation to provide a positive review and receive no incentives or rewards for doing so. My aim is to highlight features and drawbacks that I would want to know about as a buyer. My remarks are sincere and my own. I work very hard trying to write insightful and thoughtful reviews for each item. This helps me to be a better reviewer. While it is true that many items are received at discounted rates or complimentary, my reviews are completely honest and unbiased. I receive no monetary compensation and not required to give a good review.

I am a connoisseur of all things funny. I also am in a profession where we use jokes as icebreakers. That's what made me very interested in reading this book.  
The layout of this book is in a Q and

• form and the pages are all text. Some of these jokes are very good, some I have heard before, and some are so corny that I can't help but laugh (What time is it when 10 elephants are chasing you? 10 after one). Some of these jokes take a little thinking to understand so I would say this book would be for preteens and teenagers. There are some classic jokes in here that are fun to share the history of with younger people. If you have a family full of jokesters, I would definitely recommend this book. This book is full of laughs and a good time for the family. This book is also an easy read so all members of the family can take turns reading the jokes aloud. I received this product in exchange for an honest review. However, my reviews are of my own and I was in no way compensated to leave a positive review. If you have found this review to be helpful, please indicate this by clicking a "Yes" below.

**WHAT I LIKE:-** It definitely contains a lot of jokes!- Some jokes are really fun, others are too stupid to even laugh at... and some others I did not get completely (maybe because I'm not English mother tongue... or maybe because I'm dumb LOL... or I simply did not get the humor on it).- Either way, these jokes are good for kids. Good for them to start thinking and exercise their brains.- I would say that (depending on the child) this book could be good for children aged 5-6 and up... until old :)  
**WHAT I DON'T LIKE:-** Actually I am pretty satisfied with this, especially because it was free on Kindle! :) I don't know if I would want to pay \$7.99 for the paperback version (though it's an acceptable book, with enough pages and definitely A LOT of jokes)... BUT I would consider buying it, maybe at a cheaper price. The author did a good job with this!
