The Apocalypse Exile: The War Of The Undead, Novel 6

Synopsis

The journey across the zombie-filled country does not get easier for the renegades. The Great Plains, the heartland of America, is now home to vast herds of the undead. These savage hordes sometimes stretch as far as the eye can see. Among them live the Azael - men who have regressed back to the bloody and chaotic roots of our collective ancestors where only the strong or the blood-thirsty survive. These far-flung tribes control the interior of the country, using great armies of zombies to inflict their will upon their neighbors. For the moment they are at peace with the soldiers of Colorado and for the moment they only see in Neil and the Renegades a way to make easy money escorting them across their lands at a steep price. The specter of death lurks among the group. It haunts them and strikes again and again until its appetite is whetted to a point where it can no longer hide behind the innocent face of Jillybean. What skulks in the depths of her mind is driven by ferocious desires, chief of which is the hunger for death. It's a hunger that will never be satiated until each and every one of them is dead.

Book Information

Audible Audio Edition

Listening Length: 14 hours and 42 minutes

Program Type: Audiobook

Version: Unabridged

Publisher: Peter Meredith

Audible.com Release Date: August 30, 2016

Best Sellers Rank: #74 in Books > Audible Audiobooks > Fiction & Literature > Horror #234

in Books > Audible Audiobooks > Science Fiction #316 in Books > Science Fiction & Fantasy >

Science Fiction > Post-Apocalyptic

Customer Reviews

Well, first let me say that I have followed this whole series and I really like this author. His writing is not for the squeamish. Bad things happen to good people as well as bad people. He really gets you to connect with the characters in his stories too. You can relate to them and to what they are experiencing in this horrific situation they find themselves in. I have read a number of Zompos series and this one is right up there with some of the best. Another thing I really like about this author is the

way his character's personalities change as time goes on and they are forced into situations that in a normal world they would have never found themselves in. They must adjust, adapt and overcome.....or perish. And in that mode, people will become hardened. So saying all this, I am letting you know that I enjoy this series and will purchase the next book. But I also have to say that, I wanted to give this book 5 Stars like I have given all the other books in the series. But I couldn't. And for one reason only. I will not put out any 'Spoilers' here. I hate reviews that do that. But, if you have followed the series, you will know who and what I'm directing this at. If you haven't, then I suggest you go out and purchase the previous books because you won't regret it. But you will also not know what I am talking about here. In this book, I think the author went far over the top with the actions of the character Jillybean to the point where she is irretrievable. He also spent so much time in the descriptive sense of the conversations with herself in the chapters dedicated to her, that it almost seemed like 'Filler', something he has never done before. The dialog became almost meandering. I found myself flipping pages just to get to the next chapter and away from it.
