## Synopsis

When fifteen-year-old Jacob Lau is pulled from the crumpled remains of his mother's car, no one can explain why he was driving or why the police can't find his mother's body. Made a ward of his uncle and thousands of miles from home, a beautiful and mysterious neighbor, Dr. Abigail Silva, offers to use her unique abilities to help him find his mom. In exchange, she requires Jacob to train as a Soulkeeper, a gifted warrior charged with protecting human souls. He agrees to her demands, desperate for any clue to the mystery of his mother's disappearance. But soon Jacob finds himself trapped in a web of half-truths, and questions Dr. Silva's motives for helping him.

## Customer Reviews

I'll be honest, the first time I sat down to read this book I had a hard time getting into it. I finally set it aside for a while. It wasn't the book's fault. Or the author's. I just had a lot going on in my life at the time and couldn't manage to summon the focus necessary to absorb this book. And it deserves that kind of focus. There are so many things going on that you need to be able to concentrate solely on this book to give it the attention it deserves. It's like one of those movies where you can't risk looking away for a second or you will miss something. That said, you want to trust me on this: it's worth it. For a teenager, Jacob is a strong character. He is well developed, as are all the characters, with all the flaws and quirks necessary to make him become real. He has a very strong sense of self and loyalty. He is a kid who knows who he is and he refuses to let anybody change that. Even in the small town atmosphere that he finds himself in. When he is taken from his home in Hawaii and

forced to live with his Uncle in Paris, Illinois, Jacob has to adapt to an entirely new way of life. Not only is he living with relatives that he never even knew existed but he also has to leave island life far behind. No more sand and sea, casual attitudes and acceptance of his differences. Here his differences are glaringly obvious and he's not allowed to forget it. Jacob also slowly becomes aware of the fact that he is different in other ways too. Ways that aren't quite....normal. In a quest to figure out who...or what....he is, and his quest to find his missing mother, he is brought together with Dr. Silva and they have adventures quite unlike anything I have read before. Even the secondary characters, Malini (I loved this character), Uncle John, Dr.

Ever since he recovered from the car accident in which his mother went missing, Jacob has been suffering from disturbing nightmares. The doctors say it's just his brain trying to recover from the trauma, but something about them feels too real. Miles from his home in Hawaii, living with relatives that he never even knew existed, the dreams still come to him night after night. And now he's having them about his neighbor across the street. A woman who appears to float more than walk and who doesn't need shoes even in the dead of winter. Already an outcast at his new school, all he wants is to find out what happened to his mom and go home. But with no money and no leads there will be no quick escape for him from the small town of Paris, Illinois. And when he is pushed to the limits one too many times, Jacob learns a secret about himself that makes him question who he really is and if his dreams are more than just fantasy. With no one else to turn to, Jacob is tempted to accept the offer of help from his mysterious neighbor, Dr. Silva. But he has a feeling that she is keeping secrets from him and her help comes at a price. One that even for finding his mother just might not be worth paying.\*\*\*The Soulkeepers is an utterly spellbinding, elaborate and spectacularly written young adult novel by author G.P. Ching. From its very first words - "Death lived up to Jacob's expectations" - the story will pull readers in and take them on an adventure as Jacob discovers abilities he never knew he had and tries to uncover the truth about his mother's whereabouts. The story is equal parts paranormal mystery and epic adventure as Jacob learns about the importance of what he is and what his role is in the battle of good versus evil.
