# Dead In The Family: Sookie Stackhouse Southern Vampire Mystery #10

## Synopsis

If you think your family relationships are complicated, think again: you haven't seen anything like the ones in *Bon Temps*, Louisiana. Sookie Stackhouse is dealing with a whole host of family problems, ranging from her own kin demanding a place in her life, to her lover Eric's vampire sire. And Sookie's tracking down a distant relation of her ailing neighbour (and ex), vampire Bill Compton. In addition to the family issues complicating her life, the Shreveport werewolf pack has asked her for a special favour. But this favour for the wolves has dire results for Sookie, who is still recovering from the trauma of her abduction during the Fairy War. --This text refers to the Hardcover edition.

## Book Information

Audible Audio Edition

Listening Length: 10 hours and 2 minutes

Program Type: Audiobook

Version: Unabridged

Publisher: Recorded Books

Audible.com Release Date: May 4, 2010

Language: English

ASIN: B003KQMG2G

Best Sellers Rank: #238 in Books > Audible Audiobooks > Fantasy > Contemporary #2950 in Books > Science Fiction & Fantasy > Fantasy > Paranormal & Urban #6073 in Books > Audible Audiobooks > Fiction & Literature

## Customer Reviews

Make no mistake -- this is not a perfect book, but as it gets much more right than wrong and is much more in keeping with the earlier Sookie novels in tone, I give it the full 5 stars. There are spoilers herein, so beware! What it gets right: Eric, Sookie gets her moxie back (mostly), Eric gets even more complex character development, the progression in Eric and Sookie's ability to express their love for each other, Bill getting his own Happily Ever After in such an unpredictable but welcome way to tie up his storyline, the return of some of the humor that endeared the early books to so many fans, the deepening friendship between Pam and Sookie, Jason maturing and acting the part of big brother for once, Claude's protectiveness of Sookie, and the more leisurely pacing overall. I have long been a fan of Eric/Sookie, and I was definitely pleased with how things progress between them in this book. The mutual admissions of love were lovely (from Eric: "When my eyes open, I think of you, of

every part of you" and "If this is not true love, it's as close as anyone gets"). It seems that Sookie is less and less concerned about the blood bond and is now acknowledging to herself and Eric that her feelings are as genuine as his. They laugh, banter, flirt, argue (and make up!), support each other, share emotions and secrets, express their love and protect each other fiercely. I must say that I was surprised in reading the more negative reviews to see how many were penned by professed Eric/Sookie fans, who were lamenting the lack of sizzle and romantic tension. It seems to me that there is still sizzle between them, but the sexual tension is naturally tamped down to some extent now that the chase is over and they have settled into a relationship. I think Ms.

"Dead in the Family" has a very appropriate title -- all sorts of family members pop up, and not just for Sookie. Charlaine Harris still can whip up a pleasant warm Southern vibe for her not-so-urban fantasies, but unfortunately this latest novel isn't quite up to her usual standards: it's basically a mass of fluffy in-between storylines that rarely go anywhere. Just after Amelia leaves for New Orleans, Sookie's cousin Claude appears at her home and asks to move in with her, since he's a lone fairy who needs the presence of another. Bill is suffering from silver poisoning AND depression, and Sookie has to find a "relative" who can help him. And Eric has some family issues as well -- his maker Appius Livius Ocella shows up on Sookie's doorstep, along with his "son"/lover Alexei. To make matters worse, unidentified fairies and weres have been crossing Sookie's land,, and it also turns out that there's a dead body buried back there. And it's not Debbie Pelt's. Now Sookie must unravel the secrets plaguing the supernaturals around her, or there might be even more deaths. "Dead in the Family" feels like Charlaine Harris wrote half-a-dozen short stories, ripped them apart at the seams, and then sewed them back together. There's no central plot to this book, just a mass of fluffy subplots woven loosely around each other. And some of the stories don't really have much point to them, so the book feels cluttered and fragmented. The saving grace is that some of those subplots ARE interesting, mainly the ones that develop the characters -- the whole subplot involving Bill and the elderly Caroline Bellefleur is quite sweet and touching, and it should be interesting to see where Harris takes the religious/political pressure on the weres.
