# Veiled Threat: Highland Magic, Book 3

### Synopsis

Integrity Taylor has regained possession of her ancestral lands - and inherited a whole host of new problems. The specter of what really happened to her parents is casting a shadow over everything, while Fomori demons are being sighted up and down the Highlands. It doesn't help that Aifric Moncrieffe still seems determined to see her dead, and emerald-eyed Byron remains stubbornly blind to his father's true nature. Integrity is determined to stay in control of her own destiny, however, even if it means confronting the darkness across the Veil yet again. And at least she's still got a sense of humor....

#### **Book Information**

in Books > Science Fiction & Fantasy > Fantasy > Paranormal & Urban #1295 in Books >

Audible Audiobooks > Fiction & Literature

#### **Customer Reviews**

If there is one thing I can say about the Highland Magic series as a whole and this book in particular, it is that they are quick reads. I kept turning the pages in my kindle so quickly, I did not even realise that the book was over until I reached the epilogue!Plot wise, so much stuff happens. As the name of the book indicactes, Integrity has to go through the Veil to the Lowlands more than one time. The truth about just what happened to the Adair Clan during the time of their death is finally revealed. But that just poses more questions, and the plot really thickens! What is the connection between the Demons beyond the Veil and the Adair Clan? Why were they targeted? What is this about a prophecy that everyone (except Integrity and gang, apparently) knows about? All this and so much, much more happens that cannot be mentioned, because... spoilers! But let me tell you, if you have read the first book of this series and liked it, then you will definitely love the plot

developments in this book. I liked Integrity a lot more in this book. The Tipsania thing was totally unexpected! And that ending! Nice! What Integrity did there was brilliant! And I loved the epilogue too. Byron! Finally! About time, too! \*Is this not making sense? Then go read the book soon... Then we can discuss about these!\*Byron was pretty much obtuse here, at least till the very end. So much that I wanted to shake some sense into him! With that epilogue however, I cannot wait to read the next book to know the aftermaths of all the revelations in this book. While I loved the plot of this book, it felt like this book was just laying the groundwork for the next book. While Veiled Threat was not my favourite book of the series, I'm sure the next book is going to be awesome!
