Fifty Shades Of Black And Blue

Synopsis

In this hilarious parody of Fifty Shades of Grey, our heroine is Annabelle Stiletto from Jersey City, New Jersey, a beauty school graduate who has no job and lives with her loser roommate. Her life changes suddenly when she meets her dream guy, the rich and handsome Vinnie Griso, the heir to the Vinnie's Auto Parts empire. She falls for Vinnie's seductive charms - not to mention his clear blue eyes, jet-black hair, tight black pants, and pointy shoes. But when Vinnie invites her for a romantic evening at his secluded mansion, she discovers the secrets that he has been hiding from the world. She is soon introduced to Vinnie's "rules" and invited into a "special" relationship with her dream guy. She is conflicted about how far to surrender, but before long gives in to her deepest desires and discovers the pleasures of domination as she becomes Fifty Shades of Black and Blue.

Customer Reviews

I thought I was buying a book.., I would have paid more for a whole book...I would have paid nothing for what I received. I feel cheated. BUT... I liked the parody that was presented. I would have paid for the whole book. WASTE OF TIME AND MONEY and it makes me less likely to buy the next time!

Don't bother. You're paying 99 cents for a single chapter (32 pages) of a poorly written and not-yet edited version of Fifty Shades of Grey. Seems the only difference is a change in names and a very slight change in plot. Seems like someone is trying to capitalize on the recent attention the author has received for the existing Fifty Shades series, but this is so bad it's appalling. And the main female character has no character at all. Thank goodness it was only 99 cents and about 15

minutes of my time. Otherwise, I think I'd have to beat myself black and blue just for downloading and reading it!

I just finished the REAL Shades of Grey trilogy and it was amazing. This drivel wasnt worth the time it took to download the sample. do us a favor and remove this waste of taste and time. E L Jones get a real job and stop mooching off E L James' success! A better parody of the real books is Fifty Shades of Beige, and that just barely.If I could have given this 0 stars I would have! Point made, well done!

Not the best written parody I guess, but very worth it. What would "50 shades" look like if we took away Christian's wealth and Ana's IQ? Still laughing.

Ok, let me be honest about this book. When I first saw this book, I automatically thought of fifty shades of grey.This book is very similar to it. But why can't vinnie just love Annabelle? I hope that in the next two books that he actually changes his mind and falls in love with her. It seems like he wants to, but something is holding him back. What could it be? I can't wait to find out....

Hoping for a fun read related to the unexpected and volcanic success of the Fifty Shades series, I was disappointed to have purchased a tasteless, uneducated, poorly written "satire" of the books. Not worth the \$3.99 I paid for the Kindle version.

This is not part of the "fifty shades of grey" series. This book is bs .and ridiculous. Wished I hadn't purchased it but I did thinking it was the next in the series. Don't waste your time.

The possibilities for good parodies of Fifty Shades of Gray are just about limitless. This was not worth the effort either to write or to read. The best adjectives I can think of are stupid, vapid, boring, silly... You get the idea.
